Robert Ragans

Full Stack Software Engineer

rcragans@gmail.com >> 478-960-3575 >> Atlanta, GA >> LinkedIn >> Github

EDUCATION

DigitalCrafts @ Atlanta Technical Village
November 2018 – March 2019 // Atlanta, GA

> Certificate in Software Engineering

> Software engineering training program covering full-stack development including, but not limited to JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, + PostgreSQL.

College of Charleston
August 2008 – May 2012 // Charleston, SC

> Bachelor of Sciences in Business Administration with a focus on Entrepreneurship

> Minor in Music Theory & Performance

> Founding member of the SC Upsilon Chapter + held Executive board positions each semester, including President

PROJECTS

Domesti.co // February 2019 - Ongoing

> GithubRepo: https://github.com/rcragans/Domestico // Live Demo: https://domesti.co/

> Domestico is a web application that allows users to easily insert shared expenses and payments for their household and keep track of how much their roommates owe them.

> Capstone project built with React/Redux, Node.js, Express, MySQL, and Materialize.

Hair Gypsy // November 2018 - Ongoing

> GithubRepo: https://github.com/rcragans/HairGypsy // Live Demo: https://hair-gypsy.com

> The purpose of Hair Gypsy is to build a website to promote the brand.

> Each page is marked up with HTML & styled using plain CSS. Used Google Maps API for providing directions to the salon.

EXPERIENCE

Account Manager // Carrier Sales @ Nolan Transportation Group
October 2016 – October 2018 // Alpharetta, GA

> Managed accounts for VP of Sales book of business – utilized strong communication, negotiation + problem solving skills.

> Used Excel to modify large sets of data for more efficient usage including automating RFQs to calculate transit times based on mileage.

> Booked and scheduled shipments with carrier partners while monitoring and tracking loads via databases and resolving any issues.

> In 2017, personally booked 1,100 loads for $395k in gross margins while contributing to total team loads for $1.3 million in gross margins.

> Responsible for calling customers daily, following up on potential business, quoting customers and providing up to date information.

Consultant @ SIB Development & Consulting
August 2012 – October 2013 // Charleston, SC

> Led a small team of analysts for audits of client's monthly expenses, while providing excellent customer service.

> Negotiated best in class rates for clients on a variety of vendor services.

> Used Excel extensively for analyzing data and calculating scenarios for best pricing to present analysis to clients.

Database Consultant @ American Benefit Services
April 2012 – May 2012 // Charleston, SC

> Developed a database in MS Access to help track customers through ABS's mail house and eliminate redundant mailings.

> The database was also used to identify potential customers resulting in cost savings, increasing revenue and decreasing costs + manpower by allowing one person to efficiently manage sending thousands of mailers per week.
